- A photo or drawing of your family; size approx 15 X 10 cm
- Scissors
- Glue
- String (or heavy cotton/fish line/thin ribbon)
- and a large-eye needle to suit your string

Cut away centre heart to make frame for family picture

Living in God's Fatherly Love

MAKE THE LARGE HEART

1. Fold on the dotted line
2. Cut out the larger heart, cutting front and back together — to form a hinged heart.
3. Form a heart-shaped frame by cutting away the shaded heart on the front heart only
4. Insert a photo (or drawing) of your family; adjust it to the best position in the frame and glue it in place.
5. Trim away any edges of the picture that extend outside the heart frame.
6. Glue the front and back of heart together.
7. Use a needle to punch holes at the X's

ASSEMBLE THE MOBILE

1. Thread string through the two top holes in the large heart to form a loop for hanging.
2. Thread a string through the hole in the small heart.
3. Thread the other end of the string through a hole on the large heart. Start in the centre; work to sides.
4. Cut the string to the length you want and tie off the string.

You can add one small heart to the mobile when you finish the activities for each week; or you can make it up all at one time.

Pattern Sheet #2

MAKE THE SMALL HEARTS

1. Fold along the dotted lines
2. Carefully cut out pairs of small hearts that are back-to-back. Leave the top of each heart pair attached to the folded edge. You will have a hinged pair of hearts.
3. Glue the front to the back of each small heart.
4. Use a needle to punch holes at the X's
