## Loyalty Discount

The Loyalty Discount acknowledges the number of years of your membership with Dominant. This discount is Dominant's way of thanking you for your loyalty as a valued member. A discount is applied to every order you place direct with Dominant, based on your years of membership. This table shows the Loyalty Discount received based on the years of membership.

| Years of Membership   | Loyalty Discount |
|-----------------------|------------------|
| 2yrs - 4yrs 11 mths   | 5%               |
| 5yrs - 9yrs 11 mths   | 10%              |
| 10yrs - 14yrs 11 mths | 15%              |
| 15yrs +               | 20%              |

## Quantity Discount

The Quantity Discount is based on the value of your order. The more you purchase the greater the discount you receive, and the more profit you will make from supplying your customers at retail price. Every Dominant and Oriflame product has a wholesale price (wp), retail price (rrp) and point value (pv). The Quantity Discount you receive will be calculated on the point value (pv) of your order, and will be given as a percentage discount on the value of the order. This table shows the Quantity Discount received based on order value. To increase your discount benefits, Quantity and Loyalty Discounts are combined to give a total discount for your order. Discounts are applied to the wholesale price (wp), increasing your retail profits when you on-sell at retail price (rrp).

| Point Value of Order (pv) | Discount Reward        |
|---------------------------|------------------------|
| Up to 49pv                | No discount            |
| 50pv - 199pv              | Free Delivery          |
| 200pv - 299pv             | 5% plus free delivery  |
| 300pv - 399pv             | 10% plus free delivery |
| 400pv - 499pv             | 15% plus free delivery |
| 500pv plus                | 20% plus free delivery |

## How do Quantity and Loyalty Discounts apply?

Each time you place an order with Dominant, either by phone, fax, or the internet, our computer system will automatically calculate any Quantity and Loyalty Discount that applies and immediately adjust the amount owing, so you pay less right there and then. The invoice you receive with your order will state the normal price of the goods you ordered, the discount you received, and the amount you paid.

# for your information

This price list shows Dominant products and pricing, including accessories and literature available to club members.

## Terms

**Product Code** – Every item is identified with a product code. State product codes when placing phone or fax orders.

**WP** – Wholesale Price. Member price before any further loyalty or quantity discounts that may apply. Wholesale price is between 25% and 35% off the recommended retail price.

**RRP** – Recommended Retail Price. This is the price Dominant recommends you apply when on-selling to customers.

**PV** – Point Value. Every product has a point value (PV). This is a value by which free freight and quantity discounts are calculated (see Delivery Charges and Discounts sections).
